

EasyOil oil/fuel separator ground, NS 20, Class II, 5800 l, B

Article information

Item no.: 99620.80BEX GTIN: Price group: 60

Advantages

- Permanent leak tightness up to ground level
- Resistant to and suitable for up to 100 % share of biodiesel (FAME)
- Suitable for filling stations with highperformance filling pumps, E10 and biodiesel fuels

Description

The separator for light liquids is suitable for installation in the ground. The collecting tank made of permanently resistant polymer (PE) is equipped with an integrated sludge trap and an automatic closure device. One or more surface water resistant covers makes easy access possible for cleaning and maintenance work. A load distribution slab must be installed on site for load class D. The reinforcement drawings are available from KESSEL. 20 year polyethylene warranty.

Variant		
Nominal size (NS):	20	
Type of disposal:	manual with suction hose	
Coalescence insert:	no	
General characteristics		
Separator class:	II	
Dimensions		
Net weight:	595 kg	
Gross weight:	595 kg	
Load-bearing capacity (DIN 19901):	700 - 1.800	
Installation depth:	870 - 1250 mm	
Required access area, length:	ss area, length: 3110 mm	
Required access area, width:	-	
Length: 3105 mm		
Width:	1760 mm	
Height:	2275 mm	
Packaging dimension:	length	
Packaging dimension:	width	
Packaging dimension:	height	
	5
